DENTAL SERVICES

There are several local medical and dental groups as well as individual dentists who provide quality dental care to individuals with developmental disabilities. Recommendations from your Primary Care Physician (PCP) or other parents can often direct you to a competent, sensitive dental professional. Be sure to inquire if they will accept your insurance, ages served, wheelchair accessibility, and languages spoken.

MASSHEALTH DIRECTORY

MassHealth publishes a directory of MassHealth approved dentists. Go to the link below for the listing of dental providers in your area.
