Remote Access Setup

Step 1: Download SonicWall Mobile Connect from the Microsoft store.

Step 2: Open SonicWall Mobile Connect and click Manage; this will bring you to the Windows VPN screen.

Step 3: Click Add a VPN connection and fill out the fields with the following information.

Add a VPN connection
VPN provider
SonicWall Mobile Connect \vee
The connection name that you specified already exists. Connection name
MCS VPN
Server name or address
https://remote.mcsnet.org:9888
Type of sign-in info
User name (optional)
Password (optional)
Remember my sign-in info

Step 4: Click save, your VPN is now set up.

Step 5: Type remote into the windows search bar on the bottom of your screen and click the Remote Desktop Connection that pops up.

Step 6: Enter the following information into the Remote Desktop Connection, then click save as to name it MCS Remote Connection. I also recommend saving it to your desktop for easy access.
